UMAMAHESWARY MILLENY

Full Stack Developer

+91 7994408936 | umamaheswarymillini@gmail.com | LinkedIn | GitHub | Portfolio | Kochi, Kerala, India

SUMMARY

Self-taught MERN stack developer passionate about building scalable and user-friendly web applications. Skilled in JavaScript, React, Node.js, Express, and MongoDB through hands-on projects and continuous learning. Problem-driven, curious, and eager to contribute to a collaborative development environment while growing as a full-stack developer.

SKILLS

- **Languages :** JavaScript, TypeScript
- **Frontend :** React, Redux, HTML5, CSS3, Tailwind CSS, Bootstrap
- **Backend :** Node.js, Express.js
- **Database :** MongoDB, Redis
- **Architecture & Concepts :** DSA, MVC Pattern, Clean Architecture, Feature based Architecture
- **Tools & Platforms :** GitHub, Postman, Figma, AWS, GCP

PROJECTS

ProTime - Productivity & Accountability Platform - Link

- Developed a full-stack productivity and accountability platform using React, TypeScript, Node.js, Express.js, MongoDB, and Socket.IO to improve focus and learning consistency.
- Implemented task management, Pomodoro tracking, calendar scheduling, study-buddy matching, and real-time group study rooms.
- Designed a gamification system with XP, levels, streaks, badges, leaderboards, and Stripe-based premium subscriptions.
- Deployed the application using Docker, Nginx, GCP, and AWS with Google OAuth authentication and secure hosting.

Blendify - Ecommerce website - Link

- Developed a full-stack e-commerce web application using Node.js, Express.js, MongoDB, and EJS, following the MVC architecture.
- Implemented user authentication, product browsing, search, cart management, and secure checkout functionality.
- Integrated Razorpay payment gateway and developed order management features for seamless online purchases.
- Built an admin panel for managing users, products, orders, categories, offers, and coupons.

EXPERIENCE

Mechanical Engineer Apprentice Centre for Development of Telematics (C-DOT) 2023 - 2024

- Created engineering drawings, cable assemblies, routing diagrams, and floor plans for telecom products.
- Supported telecom product development for LTE systems, routers, switches, and antenna solutions.
- Developed and modified 3D models and assemblies in SolidWorks.
- Assisted engineering teams with product documentation, surface modeling, and design updates.

ACHIEVEMENTS

- Received the Best Coordinator Award at Brototype Institute for leadership and organizing peer-learning sessions.
- Solved 300+ LeetCode problems, strengthening data structures, algorithms, and problem-solving skills.

EDUCATION

MERN Stack Developer Program

Education / Training | Present

Brototype – Software Training Institute, Kochi, Kerala

Mechanical Engineering

B.Tech | 2017 - 2021

College of Engineering Thalassery, Kerala, India
